ID	Team Name	Creativity	Craftsmanship	Technical Complexity	Viability	Total	Notes
	Please score each criteria on a 0-10 scale	Novelty and originality of the idea and the presentation. The "Wow" factor for the project as a whole.	The degree to which the project works (versus showing mock-ups), and the level of polish completed.	Scale and complexity of the technology being used, and/or the architectural approach taken.	Likelihood that this project will be put to use, internally or externally.	The average of the scores to the left, automatically calculated for you.	Totals will automatically tally
Ex:	*Example project*	*9*	*4*	*3*	*3*	*4.75*	*Nice use of Emoji; the Messaging team might be interested in this.*
